

ESOC Commercial Truck, Inc.
Revolutionary Fluid Exchange Technology

SERIES 455 Diesel Fuel Primer

The Series 455 Diesel Fuel Primer meets OEM requirements for high and low pressure fuel system priming and it reconditions fuel during servicing; saving fuel costs.

- Fast and clean
- Fully pneumatic
- Portable & Versatile
 - in the shop use
 - on-site using the vehicle's air supply
- Eliminates water contamination
 - utilizing Water-block filtering technology
- 95 PSI factory set prime (for DD series engines) & adjustable prime for lower PSI priming
- Flow control valve prevents air from entering fuel system when on-board tank is empty
