

ESOC Commercial Truck, Inc.

Changing Downtime Into Road Time

SERIES 800 OIL EVACUATION

The SERIES 800 is designed to be used in shop or on a mobile service truck. The engine oil evacuator is used for on and off highway oil changes with a capacity of up to 80 quarts or 78 liters.

ESOC's SERIES 800 evacuates the oil pan via a quick connect, low profile fitting. During the process an uncontaminated sample can be taken, once the oil pan is empty the SERIES 800 stops automatically.

- Fully Pneumatic System
- Evacuates 40 quarts of oil in 10 minutes
- Automatic shut off when empty
- Patented "Spill-Free" quick connect fittings ensure a clean "No Mess" operation
